

not including the first installment, or one-half of the first installment after the other one-half of the first installment has been released as provided in paragraph (a)(2) of this section.

(5) Timber sale contracts shall contain provisions requiring periodic payments for all sales with a contract term of 19 months or longer. For sales with a contract term of 19–26 months, one periodic payment of 20 percent of the total purchase price will be required. For all sales with a contract term of 27 months or longer, two periodic payments will be required. The first payment shall be 20 percent of the total purchase price and the second payment shall be 40 percent of the total purchase price. The value of satisfactorily completed road construction required by the contract and all completed contract payments may be used as a credit against the amount due for periodic payments. The due dates for the periodic payments will be specified in the timber sale contract. Adjustment of the periodic payment dates in the contract may be made when the contracting officer suspends, interrupts, or delays operations during the operating season prior to the due date for a periodic payment for a reason beyond the control of the purchaser. The adjustment may be made when the suspension, interruption, or delay can reasonably be expected to last longer than 30 days or has been in effect for more than 30 days for existing contracts. The purchaser shall request such adjustment in writing from the contracting officer. The contracting officer will answer such requests within 15 days.

(6) For the purpose of this section, the value of satisfactorily completed road construction shall be based on the Bureau of Land Management's appraisal allowance. Satisfactory completion of portions of the required road construction, to reasonable points that can be easily identified in the road construction appraisal, shall be considered as completed road construction for purposes of this section.

(b) Delayed payment of installments shall be allowed if the purchaser furnishes a bond as provided in § 5451.2 of this title. A deposit shall be paid in the same manner as prescribed in para-

graph (a) of this section. If cutting is permitted before payment, as prescribed in § 5451.2 of this title, payment by installment shall be made before any timber may be skidded or yarded to a loading point or removed from the contract area. Each subsequent installment shall be due and payable without notice when the sale value of the timber skidded or yarded to a loading point or removed equals the sum of all payments not including the deposit. The unenhanced value of timber allowed to be cut in advance of payment shall be limited to the amount of the increase over and above the required performance bond. Upon payment, the amount of the bond may be applied to other timber sold under the contract to permit its cutting in advance of payment.

(c) Where cutting or removal is permitted under payment bond under § 5451.4 of this title, a deposit shall be paid as provided in paragraph (a) of this section. If cutting and/or removal is permitted before payment, as provided in § 5451.4 of this title, the purchaser shall be billed monthly for timber skidded or yarded to a loading point or removed from the contract area and for any related road maintenance fees unless a lesser period is agreed to by the authorized officer and the purchaser. Payment shall be made within 15 days of the billing date shown on the billing form. The unenhanced value of timber allowed to be cut and/or removed in advance of payment is limited to the amount of the payment bond. Upon payment, the amount of the bond may be applied to other timber.

§ 5461.3 Total payment.

The total amount of the contract purchase price must be paid prior to expiration of the time for cutting and removal under the contract. For a cruise sale the purchaser shall not be entitled to a refund even though the amount of timber cut, removed, or designated for cutting may be less than the estimated total volume shown in the contract. For a scale sale, if it is determined after all designated timber

has been cut and measured that the total payments made under the contract exceed the total sale value of the timber measured, such excess shall be refunded to the purchaser within 60 days after such determination is made.

(6) Except as authorized by Federal law or regulation, purchasers or their designated representatives, while engaging in any activity connected with the harvest or removal of forest products, failing to have in their possession and/or failing to produce any required permit or forest product sale contract
